Add

2. BL INSTRUCTION

(Implementation date: Oct 1st 2021/sailing date)

1. Below ACID information must be maintained in corresponding B/L reference type column and display on B/L

1) Egypt ACID number : ACID Number (a 19 digit number)

2) Egypt Exporter Registration Number : Shipper-Exporter Registration Number (e.g. US-02-1208614364) - Two digits identifying the type of registration number (01 – Company Registry / 02 – VAT)

3) Egypt Importer VAT Number : Consignee-Egyptian Importer VAT Number (a 9 digit number)

2. Shipper and CNEE on B/L and booking should be consistent, and amendment of Shipper and CNEE is not accepted

3. To Order B/L is not accepted in principle. (If To Order B/L is required, ACID must be provided related to Notify Party as "Importer", and OBL must be endorsed from Shipper to Notify Party.)

3. WEB SITE
